

Copernicus Relay og Academy i Norge

Agnès Moquet-Stenbac, seksjon for Miljødata og geoinformasjon

“A network of Copernicus ambassadors”

Coordinate activities at regional/local level in their respective areas of influence

Promote Copernicus at relevant events organized at national, regional or local level

Targeted national, regional or local training sessions organisation

Create and run a hotline for anyone interested in obtaining information about Copernicus.

Norway	Nansen Environmental and Remote Sensing Center (NERSC) in a coalition with MET Norway, Institute of Marine Research (IMR)	Laurent	Bertino	laurent.bertino@nersc.no
	NINA – Norwegian Institute for Nature research	Matteo	De Stefano	Matteo.destefano@nina.no
	Svalbard Integrated Arctic Earth Observing System - SIOS	Shridhar	Jawak	remotesensing@sios-svalbard.org

The goal of the network is to:

- link research & academic institutions with authorities & service providers,
- facilitate collaborative research,
- develop lectures, training sessions, traineeships as well as educational and training material
